NEBOSH National General Certificate in Occupational Health and Safety

Course Overview

The NEBOSH National General Certificate in Occupational Health and Safety (NG) is a widely recognised health and safety qualification. The NG offers an excellent grounding in the essentials of health and safety.

This qualification meets the academic requirements for Technician membership (Tech IOSH) of the Institute of Occupational Safety and Health (IOSH) and Associate membership (AIIRSM) of the International Institute of Risk and Safety Management (IIRSM).

Book Online

How long will it take?

The National General Certificate will involve a minimum of 68 taught hours and approximately 40 hours of private study and background reading.

Certification

This is a 2-week course, spread over two separate weeks.

The NGC has two unit assessments:

- Unit NG1: Management of health and safety
- Unit NG2: Risk assessment

The delegate must achieve a 'Pass' in each unit to be awarded the qualification.

Delegates are awarded the Certificate on successful completion of the Open Book Examination (completed online) and practical assessment (completed in their own time).

NEBOSH National General Certificate in Occupational Health and Safety

Who is the course for?

This nationally recognised course is ideal for people who need a comprehensive knowledge of health and safety and is suitable for managers, supervisors, and staff with some level of health and safety responsibility. This qualification is a commonly requested health and safety qualification by potential employers.

The NEBOSH National General Certificate in Occupational Health and Safety (NG) is based on UK legislation, so if you do not intend to work in the UK, the NEBOSH International General Certificate in Occupational Health and Safety (IG) might be more suitable.

Learner Eligibility

All courses will be presented in English, so all delegates will need to speak, understand, and write in English.

NEBOSH recommends that learners undertaking this qualification should reach a minimum standard of English equivalent to an International English Language Testing System (IELTS) score of 6.0 or higher in **IELTS tests**.

After reading the course entry requirements, do you feel you have a suitable standard of English to complete this course?

If you selected yes, we would welcome you to sign up for the course. However, if you answered no or are unsure about anything, please use the contact information listed below to **contact us**.

NEBOSH National General Certificate in Occupational Health and Safety

Learning outcomes

The NGC program focuses on practical solutions to your health and safety needs. Upon successful completion of the qualification, you will acquire the ability to:

- Guide on obligations and duties outlined in the UK health and safety legislation
- Explain and justify the necessity for enhancements and changes in health and safety standards within your organisation
- Confidently identify general and specific hazards in the workplace and carry out comprehensive risk assessments (using a 5-step approach), record findings and review procedures tailored to your organisation
- Develop and implement a detailed action plan, advising on strategies for controlling hazards, reducing risks and applying safe systems of work
- Manage and minimise workplace risks
- Positively shape, promote and communicate an effective health and safety culture
- Ensure their teams undertake their day-to-day activities more safely thanks to the awareness and knowledge gained
- Formulate and communicate emergency protocols and know when to use a permit-to-work system
- Assess the efficiency of your organisation's health and safety management systems through continuous monitoring, audits, and evaluations
- Assist your organisation in effectively overseeing contracted work arrangements
- Be able to successfully prepare for a health and safety audit
