Working At Heights Awareness

Course overview

The Ligtas Working at Heights Awareness course will enable learners to have an increased awareness of the dangers associated with working at heights and the practical steps that can be taken to mitigate the risks.

Book online

How long will it take?

There are half-day and full-day course options.

Certification

Delegates are awarded the Ligtas Certificate in Working At Heights Awareness.

Who is the course for?

The Ligtas Working At Heights Awareness short course is for all employees in or affected by working at height.

Learning outcomes

Completion of the Working at Heights Awareness course will allow learners to understand the following:

- Understand the dangers of working at height
- Become aware of the risk assessment process when using access equipment
- Recognise the importance of inspection and maintenance of access equipment
- Gain an appreciation that working at height is not solely a construction activity, but can be at any height where there is a potential for injury

Working At Heights Awareness

Course options Online eLearning

Online learning offers flexibility for personal development, overcoming barriers like busy work environments. It allows learning anytime, anywhere, accommodating individual schedules and balancing work and family life. With self-paced courses and flexible start times, it's adaptable to various commitments, providing ample time for completion.

Book Online

Virtual

The live classroom courses on Microsoft Teams offer the advantages of in-person training, allowing learners to engage with content and peers. Ligta's Virtual Training combines eLearning flexibility with tutor support through online sessions. Access course materials and interactive activities on the Ligta LMS at your convenience, supplemented by scheduled virtual classroom sessions for a traditional training experience online.
